

CERTIFICATE OF MOLECULAR IDENTITY

FEM' AMBIENTE
SOCIETA' SPIN-OFF
DELL'UNIVERSITA'
DEGLI STUDI DI
MILANO-BICOCCA

*Dear Customer,
We are pleased to inform you that our extracts obtained from*

Passiflora incarnata L.

undergo molecular identity tests. According with our full traceability system, the raw material is periodically analysed using the DNA Barcoding method, which guarantees the identity of the plant species.
